

GUIDING PRINCIPLES

Our Commitment to the Community

We, the members of the Marcellus Shale Coalition, embrace and operate by the following guiding principles:

- We provide the safest possible workplace for our employees, with our contractors, and in the communities in which we operate;
- We implement state-of-the-art environmental protection across our operations;
- We continuously improve our practices and seek transparency in our operations;
- We strive to attract and retain a talented and engaged local workforce;
- We are committed to being responsible members of the communities in which we work;
- We encourage spirited public dialogue and fact-based education about responsible shale gas development; and
- We conduct our business in a manner that will provide sustainable and broad-based economic and energy-security benefits for all.

We recognize that to succeed in business, we not only embrace these principles, we live by them each and every day. This will be our legacy.
