## **PGE Supporting Lycoming County Flood Recovery Efforts** *Company donates \$50,000 to Red Cross*

**WILLIAMSPORT, Pa. (Sept. 20)** – Pennsylvania General Energy (PGE) is lending a hand to flood victims in Lycoming County through the donation of \$50,000 to the aid efforts of the American Red Cross. President and Chief Executive Officer Douglas E. Kuntz announced the company's contribution, which was presented by a PGE representative at the Northcentral Pennsylvania Red Cross office along with other local businesses joining in recovery efforts from Hurricane Irene and tropical storm Lee

"Lycoming County suffered a destructive blow when the flood waters came through this region, and we want to support the efforts of the Red Cross to help the area get back on its feet. Our growth into Lycoming County has generated new local jobs and new relationships with area suppliers, and PGE is committed to assisting the communities where we do business," said Kuntz. "We are proud to join the other organizations aiding in the recovery effort."

PGE currently operates over 1,300 wells in the Commonwealth. In the past two years, the company has grown by 45 percent, currently employing 145 people in Pennsylvania's northern tier. PGE has nine employees based in the Lycoming County area, with plans to continue to hire additional support personnel to meet the company's current and future operations in the county.

### About Pennsylvania General Energy:

PGE is a privately held Warren, Pennsylvania-based company that has been producing oil and natural gas in the Appalachian Basin for over 30 years. The company's operations include the development of both oil and natural gas from shallow and deep formations.
