PRE-CONFERENCE EVENTS SEPTEMBER 23

► **Technology Showcase**

Sponsored by the Shale Gas Innovation & Commercialization Center

The Marcellus Shale Coalition's (MSC) Research Collaborative is holding its annual Technology Showcase as a pre-conference event to provide suppliers of emerging technologies an opportunity to showcase their innovation to the natural gas producer, midstream pipeline and service community.

This year's Technology Showcase will feature the keynote address by Kemal Anbarci, Vice President & Managing Executive of Chevron Technology Ventures (CTV). CTV champions innovation, commercialization and integration of emerging technologies within Chevron. CTV identifies, acquires, tests, validates, and, if appropriate, helps integrate technologies into the company's core businesses. Currently 15 companies in the O&G space are in their investment portfolio.

► **Welcome Reception at PNC Park**

*Sponsored by Noble Energy
5:30 – 7:30 PM*

EXHIBIT HALL SEPTEMBER 24

► **Natural Gas Use Posters**

Sponsored by America's Natural Gas Alliance (ANGA)

The Poster Session is designed to provide an opportunity for those who have completed Natural Gas Use projects, or have Natural Gas Use projects underway, to present their projects, findings, research, or innovations. This session will also include educational posters for those considering the benefits of Natural Gas Use. Topics include natural gas vehicle technologies, conversions, refueling infrastructure, commercial/industrial projects, power generation, LNG, ethane, and others.

► **Networking Reception**

*Sponsored by DNV GL and TekSolv
5:00 – 7:00 PM*
