

PENNDOT PERMIT AND ROAD BONDING TRAINING MAY 18, 2022

SPONSORED BY

Join oil and gas industry stakeholders for a refresher session on the process of preparing PennDOT Highway Occupancy Permits (HOP), which is universal to oil and gas operations and other activities on state roads, while highlighting common permit deficiencies. In addition, PennDOT will present how companies can work successfully together on projects, specifically relating to HOP permits, Road Bonding and Road Repair. Representatives from Industry and PennDOT will review the process of bonding and repairing state roads that are utilized by the oil and gas industry. Lastly, all the presenters will participate in a panel and will discuss perspectives and share lessons learned with respect to the HOP and Road Bonding Road Repair process.
