

## PIPELINE PERMITTING AND SAFETY SEMINAR

JULY 14-15, 2021

The United States Army Corps of Engineers (USACE), The Pennsylvania Department of Environmental Protection (PA DEP), The Pipeline and Hazardous Materials Safety Administration (PHMSA) and The Pennsylvania One-Call System (PA One Call) administer regulations and permits that protect the environment during the design, planning and installation of pipelines. Recently, the USACE, PA DEP and PHMSA have made substantive updates to these regulations and permits.

Join oil and gas industry stakeholders to obtain a comprehensive overview of new and upcoming requirements and initiatives from the USACE, PA DEP, PHMSA and PA One Call related to pipeline safety. In addition, subject matter experts will provide their perspectives and lessons learned.

### PROGRAM

JULY 14, 2021
